

# Biotage 2012 Corporate Governance

## Introduction

Biotage AB was established in 1997 under the name Pyrosequencing AB. The Company made a number of acquisitions in the medicinal chemistry sector between 2003 and 2005. Following the disposal of the Biosystems business area, the Company is mainly active within analytical and organic chemistry. Two acquisitions were made during 2010, MIP Technologies AB and the TurboVap® and RapidTrace® product lines. These acquisitions were made to strengthen the offering within analytical chemistry, but also to enhance production capabilities and production of consumables in larger scale (Industrial Resins). The Company's head office is situated in Uppsala. Biotage applies the Swedish Code of Corporate Governance ("the Swedish Code"). The diagram below shows Biotage's corporate governance model and how the central bodies interact.

## Shareholders

Biotage's shares have been listed on the Stockholm Stock Exchange since 2000. Share capital in Biotage consists of class A shares, with each share carrying one vote. Class A shares entitle the holder to the same proportion of the Company's assets and earnings.

At December 31, 2012, the number of shareholders was 5,085. At the end of the year, Anders Walldov (with companies) was the single largest shareholder. Ove Mattsson (by holdings via foreign endowment insurances) and Investor Growth Capital are the next two largest shareholders. Approximately 63 percent of the shareholders hold 1,000 shares or fewer, and the ten largest owners hold approximately 52 percent of the total number of shares. The proportion of foreign investors is approximately 36 percent.

Further information about the shareholder structure can be found on pages 20 – 21 of the annual report.

## The 15 largest shareholders as of December 31, 2012

	Number of shares	Proportion of capital %	Proportion of votes %
Anders Walldov och bolag	8,000,000	10.9	11.2
Investor AB	7,164,307	9.8	10.0
Ove Mattsson (via kapitalförsäkring) <sup>1</sup>	6,283,531	8.6	8.8
Länsförsäkringar fondförvaltning	4,011,700	5.5	5.6
Varenne AB	3,397,013	4.6	4.7
Fjärde AP-fonden	2,246,030	3.1	3.1
PSG Small Cap fond	1,948,764	2.7	2.7
Biotage AB (återköp av egna aktier) <sup>2</sup>	1,708,906	2.3	–
Mathias Uhlén	1,501,793	2.1	2.1
Danica Pension fondförsäkring	1,241,752	1.7	1.7
Avanza Pension Försäkring AB	1,187,981	1.6	1.7
Hans Sköld familj och bolag	1,166,955	1.6	1.6
DFA Fonder (USA)	1,098,655	1.5	1.5
Riksbankens jubileumsfond	900,000	1.2	1.3
Torben Jörgensen	616,700	0.8	0.9

Source: Ägaranalys, SIS Ägarservice

<sup>1</sup>) The aggregated number of shares amounts to 7,462,656 according to information from the shareholder. The difference is explained by the fact that SIS Ägarservice did not have full information at time of compilation of the schedule.

<sup>2</sup>) This is 74,000 share less than Biotage's actual possession of own shares at 31 December 2012. The correct number of shares by Year's End is 1,782,906, which corresponds to 2,4% of the capital.

## General meeting of shareholders

---

Shareholders' influence in the Company is exercised at the shareholders' meeting, which is the Company's highest decision-making body. Shareholders wishing to participate in the shareholders' meeting, either in person or represented by proxy, must be listed in the register of shareholders no later than five working days before the meeting, and must notify the Company of their intention to attend, as specified in the notice of the meeting.

Notice of the annual general meeting of shareholders is given by announcement in *Post och Inrikes Tidningar* (The Swedish Gazette) and by making the information available on the Company's website ([www.biotage.com](http://www.biotage.com)). When notice of the meeting has been given, information to this effect shall be announced in *Svenska Dagbladet*.

The annual general meeting is held within six months of the end of the fiscal year. At this meeting, the shareholders make decisions on the election of the Board and auditor (when relevant), the composition of the nomination committee and the discharge from liability of the Board members and CEO for the previous year. They also make decisions on the adoption of the financial statements, distribution of earnings, Board and auditor fees and principles for remuneration of the CEO and other senior executives.

### 2012 Annual General Meeting

The Board presented a report on its work during the year. The CEO informed the annual general meeting about the Group's financial performance and position, and commented on the results for 2011. The annual general meeting adopted the 2011 annual financial statements of the Parent Company and Group, decided on the distribution of the Company's earnings and discharged the Board and CEO from liability. A dividend of SEK 0.40 per share was adopted.

The chairman of the nomination committee gave an account of how the committee had conducted its work, and explained the committee's proposals. The meeting adopted the nomination committee's proposals on remuneration of the Board and auditors.

The meeting also adopted the nomination committee's proposal for the number of Board members to be six. The following Board members were re-elected Ove Mattsson (Chairman), Thomas Eklund, Per-Olof Eriksson, Nils Olof Björk and Anders Walldov. Karolina Lawitz was elected as new Board member. The labor representatives of the Board were assigned in March 2012, Nils Granlund (member) and Love Amcoff (deputy).

The meeting resolved to reduce the company's share capital by SEK 7,147,820.96 through cancellation, without reimbursement to the shareholders, of 6,381,983 shares owned by the company (treasury shares). The purpose of the reduction is to transfer the reduction amount to unrestricted equity. The reduction was effected through cancellation of the 6,381,983 shares acquired by the company on the basis of board decisions authorized at previous shareholders' meetings. Following the cancellation the total number of outstanding shares amounts to 73,255,705. The company owned 1,782,906 of its own shares as of 31 December 2012.

The meeting further resolved to increase the share capital through a bonus issue, which meant that the share capital was increased by SEK 7,325,570.50 without the issue of any new shares. The purpose of the bonus issue was to re-establish the share capital following the reduction described above. The share capital was increased through a transfer from unrestricted equity.

The meeting voted to grant the Board a mandate to issue shares and/or convertibles on one or more occasions before the 2013 annual

general meeting, with or without preferential rights for shareholders. A decision by the Board to issue shares and/or convertibles may result in a total increase in the number of shares in the Company of up to 7,300,000 shares. The mandate has not been utilized.

The meeting unanimously adopted the Board's proposal for a mandate for the Board to decide on the purchase or transfer of up to 10% of the Company's own shares on NASDAQ OMX Stockholm. The mandate has been utilized.

Board members Ove Mattsson, Per-Olof Eriksson, Nils Olof Björk, Anders Walldov, Thomas Eklund and Chief Auditor Marcus Sörlander were present at the annual general meeting. Karolina Lawitz was also present as a proposed new Board member.

The minutes of the annual general meeting are available on Biotage's website ([www.biotage.com](http://www.biotage.com)).

## Nomination Committee

---

The nomination committee represents the interests of shareholders.

The 2012 annual general meeting adopted a resolution that the Chairman of the Board be elected to serve on the nomination committee and that he and the Company's three largest shareholders (in terms of votes) at 1 September 2012 appoint three other members. It was decided that the names of these persons should be published no later than six months before the 2013 annual general meeting, which has been the case. It was also decided that the nomination committee would elect a chairman from one of its members, who should not be the Chairman of the Board.

The nomination committee consists of Staffan Josephson, Chairman (Investor Growth Capital), Anders Walldov (Brohuvudet AB and private holding), Jesper Bonnivier (Länsförsäkringar Fondförvaltning) and Ove Mattsson (Chairman of the Board).

If a shareholder who is represented by one of the nomination committee's members is no longer one of the largest shareholders (in terms of votes) in the Company, or if a member of the nomination committee is no longer employed by such a shareholder or leaves the nomination committee before the 2013 annual general meeting for some other reason, the nomination committee's other members shall be entitled to appoint another member to replace that member.

During the year, the nomination committee has prepared proposals for consideration by the 2013 annual general meeting regarding the election of the Chairman of the Board, other Board members, auditors and a chairman of the annual general meeting and remuneration and related matters.

Shareholders may submit proposals to the nomination committee in various ways, including by e-mail to [info@eu.biotage.com](mailto:info@eu.biotage.com). The nomination committee's proposals and reasons must be published no later than the date of publication of the notice of the annual general meeting. The nomination committee's term of office is until the composition of the next nomination committee is published.

### The nomination committee's work since the 2012 annual meeting

The nomination committee has had regular meetings and status reviews by telephone since its establishment in fall 2012. These meetings and status reviews have been mainly devoted to evaluation of the work of the present Board and discussions on the number of Board members, the need for new recruitment, potential new Board members and Board fees. The Chairman of the Board has provided the nomination committee with an account of the Board's work during the year.

The nomination committee has formulated a proposed

procedure for establishing the next nomination committee. The nomination committee is also responsible for submitting proposals for remuneration of the Board. To obtain an idea of reasonable remuneration levels, the committee has analyzed and compared fees paid in similar companies. The audit committee has assisted the nomination committee in the preparation of proposals for remuneration of the Board. The committee has been assisted by the audit committee in the process of evaluating the auditors.

The evaluation of the present Board includes the above mentioned account on the Board's work submitted to the nomination committee by the Chairman Ove Mattsson.

The nomination committee has proposed the re-election of the following members: Ove Mattsson, Thomas Eklund, Anders Walldov, Nils Olof Björk and Karolina Lawitz. The committee has also proposed that Ove Mattsson be re-elected Chairman of the Board. As Per-Olof Eriksson has declared himself unavailable for re-election, the nomination committee has decided to seek a new Board member.

The committee therefore proposes that Peter Ehrenheim to be elected as a new member to the Board. More detailed information about Peter Ehrenheim can be found in the nomination committee's detailed report, which is available at the company's web site.

The nomination committee considers that, in view of the Company's business, stage of development and other circumstances, the Board is composed in such a way as to enable it meet the requirements of the Company's operations. The nomination committee has paid particular attention to the Company's strategic development, management and controls, and the demands these factors place on the Board's expertise and composition.

The nomination committee's other proposals are submitted with the notice of the annual general meeting.

## External auditors

According to the Company's articles of association, Biotage shall have one or two external auditors. At the 2012 annual general meeting, Deloitte AB was re-elected the Company's auditor for one more year with Marcus Sörlander as chief auditor. The nomination committee's proposal for election of auditors and term are presented in connection with the annual general meeting. See the nomination committee's motivated statement, which is available on the Company's website.

The external audit of the Parent Company's and Group's accounts and the Board's and CEO's administration is conducted in accordance with generally accepted auditing standards in Sweden. The accountant participates in at least one Board meeting each year in order to go through the annual accounts and discuss matters with Board members without the presence of the CEO.

A review of the internal procedures and control systems is also conducted in the third quarter. The year-end accounts and annual report are reviewed and audited between January and March. The interim reports between January and September are reviewed by the auditors.

Information on auditors' fees can be found in note 6 of the annual report.

## Board

The Board's overall task is to manage the Company's affairs in the best possible way on behalf of the shareholders. The Board shall continuously evaluate the Group's financial position and operational management. The Board determines issues concerning the Group's

strategic direction and organization, and makes decisions on major investments (over SEK 5 million) and commitments.

Each year, the Board establishes its own rules of procedure and a set of CEO instructions defining the division of work between the CEO and Board.

The Board's rules of procedure define the division of work among Board members, the frequency of Board meetings and the tasks of the Board's committees. Board members receive a written agenda and all the necessary decision-support material before each Board meeting. Each Board meeting includes a thorough examination of the current business situation, the Company's results and financial position and the outlook for the rest of the year. Other matters for consideration include competition and the market situation.

The Chairman of the Board leads the Board's work, represents the Company in ownership matters and is responsible for the evaluation of the Board's work. The Chairman is also responsible for ongoing contact with Group management and ensuring the Board carries out its duties.

According to the articles of association, the Board shall consist of a minimum of five and a maximum of nine members elected by the shareholders' general meeting. The Board has a quorum if more than half the meeting-elected members are present. The Board must have diversity and breadth of qualifications, and a background appropriate to Biotage's organization, sector and operations. New Board members receive introductory training in order to quickly obtain the knowledge they need in order to represent the interests of the Company and its shareholders.

The Board for 2012 consisted of the following persons:

- Ove Mattsson (Chairman)
- Nils Olof Björk
- Thomas Eklund
- Per-Olof Eriksson
- Anders Walldov
- Karolina Lawitz

In addition to the elected Board members above, Nils Granlund (member) and Love Amcoff (deputy) joined the Board as employee representatives in March 2012. Employee representatives are appointed outside the annual general meeting by the trade unions that are represented in the Company.

### The Board's independence and attendance

All Board members are considered independent of the Company and its management. All members, with the exception of Anders Walldov and Ove Mattsson, are considered independent of the Company's major shareholders, as defined in the Swedish Code. As of 31 December 2012 Thomas Eklund was not to be considered as independent due to the fact that Investor Growth Capitals voting rights amounted to 10 %. This as a consequence of Biotage's possession of own shares that is excluded from rights to vote. Investor Growth Capital has reduced its possession of shares in Biotage and by the time of submitting this report, Thomas Eklund was to be considered independent pursuant to the rules referred to above. Information about Board members' attendance can be found on page 6.

### The Board's work in 2012

The Board held eight meetings at which minutes were taken. A quorum was established at all seven meetings. The Secretary of the Board is Biotage's Vice President of Corporate Development, Lars Bäckman, who is not a member of the Board.

During the year, the Board of Biotage continued its focus on the

Company's strategy and organization. The Board also dealt with other important matters during the year.

The Board decided to exercise the mandate granted by the 2012 AGM to purchase and transfer the Company's own shares before the 2013 meeting. The share buy-back process was conducted on Nasdaq OMX Stockholm. No shares were resold, and at December 31, 2012, the Company owned 1,782,906 of its own shares, which had been acquired for an aggregate of SEK 35,248,991. The average acquisition value was SEK 8.27.

Biotage has, as previously reported, been sued for patent infringement in the US. These law suits are stayed by the court pending the results of reexamination cases of the validity of the patents at the US Patent and Trademark Office. The US Patent and Trademark Office's Patent Trial and Appeal Board has declared all patent demands in US patents 7,138,061, 7,381,327 and 7,410,571 invalid. The decision has been appealed by the other party to the US Court of Appeals for the Federal Circuit. The reexamination cases concerning US patents 8,066,875 and 7,381,327 are in progress at the US Patent and Trademark Office.

The Board has two preparatory committees – the remuneration committee and the audit committee.

## Remuneration Committee

---

The remuneration committee submits proposals to the Board about the CEO's salary and employment terms. It also defines salaries and terms of employment for the other members of Group management and a framework for salaries and terms of employment for other key management personnel. The remuneration committee held one formal meeting during the year and consisted of Nils Olof Björk (chairman), Ove Mattsson and Anders Walldov.

The 2012 AGM resolved to adopt the Board of Directors' proposal that the guidelines for compensation for the executive management substantially shall be in accordance with the following. The company shall strive to offer members of the executive management of the company a compensation that is adjusted to the conditions of the market. The compensation committee shall prepare and present such compensation proposals to the board of directors for resolution. In the compensation proposals the importance of the work, competence, experience and performance shall be taken into account. The compensation may consist of: fixed yearly income, variable income, pension benefits, discretionary bonus arrangements, and severance pay. The board of directors may for certain special purposes, if it is motivated by special circumstances, choose to deviate from these guidelines. A more detailed description of the terms of employment for the Group's senior executives can be found in note 1 of the annual report.

## Audit Committee

---

The audit committee follows its own rules of procedure, which the Board defines each year. The chairman of the audit committee is responsible for keeping the Board informed of the committee's activities and, when appropriate, submitting matters to the Board for approval. The audit committee's main task is to support the Board in ensuring financial reporting is of high quality. The committee has regular meetings with the Company's auditor and evaluates the aims and scope of the audit.

The committee also discusses auditing issues of particular significance to the Group, and assists the nomination committee in

preparing nominations for the post of auditor and recommendations on fees for auditing services.

During the year, the audit committee consisted of Thomas Eklund (chairman), Per-Olof Eriksson and Ove Mattsson.

In 2012, the audit committee held 4 meetings at which minutes were taken.

## Group management

---

Group management is responsible for establishing and implementing the Group's overall strategy, and dealing with matters such as acquisitions, disposals and large investments, which are prepared by Group management for approval by the Parent Company's Board. The CEO is responsible for the day-to-day management of the Company in accordance with the Board's instructions and guidelines. Group management consists of Torben Jørgensen (CEO), Erika Söderberg Johnson (CFO) and Lars Bäckman (Vice President of Corporate Development).

Group management holds monthly meetings to discuss the financial performance and position of the Group and subsidiaries. The meetings also deal with strategic plans and the monitoring of budgets and forecasts. The Parent Company's CEO chairs the boards of the Company's directly owned subsidiaries. Other members of Group's management also serve on these boards. The boards of the subsidiaries supervise current operations and define strategies and budgets.

## The Board's description of internal controls

---

Under the Swedish Code of Corporate Governance, the Board is required to provide an annual description of the Company's internal controls and risk management with regard to financial reporting.

The Board must also conduct an annual evaluation of the need for a separate internal audit function. In its evaluation, the Board has come to the conclusion that Biotage's present size and risk exposure do not justify a separate internal audit function.

### Control environment – the basis of internal controls

The control environment creates Biotage's culture and defines the standards and guidelines on which the Group's business actions take place. In substance, the control environment consists of the documented guidelines, manuals and instructions which have been communicated across the entire organization.

The organizational structure is explicit, with defined roles and responsibilities communicated in the form of documented instructions to the Board, the Board's committees, the CEO and managers of the subsidiaries. Regular evaluation is carried out at the function and department levels in the organization to ensure there is relevant knowledge with regard to financial reporting.

### Internal information and communication

The most important steering documents for financial reporting are regularly updated and communicated to relevant personnel via the Company's intranet, newsletters, regular meetings, etc. Information channels have been established to ensure effective communication to relevant employees in the organization.

### Risk assessment

The aim of risk assessment is to identify high-risk areas of the Group's operations and decide which controls are required to manage these risks. Risk assessment is conducted by assessing the

level of risk on a quantitative and qualitative basis. Special guidelines are used to assess the risk associated with specific IT projects and the general IT environment.

#### Control activities

The control structure is designed to ensure effective management of what the Board and management consider significant risks to the Company's operations, compliance with legislation and regulations and financial reporting. Defined decision procedures, including authorization instructions, have been established for activities such as investments and the signing of contracts. Where appropriate, automatic controls designed especially for financial reporting have been established. Most control activities are integrated into the Company's key processes, which include ordering, revenue recognition, investments, supply contracts and purchasing.

The IT structure is designed to handle potential IT-related risks. This is done by means of controls and checks in the IT systems related to processes which affect financial reporting.

#### Monitoring

Each local manager or CEO is responsible for ensuring there are adequate internal controls in his own entity and that the entity follows the Group's overall rules and directives for financial reporting. The Board's monitoring of internal controls with regard to financial reporting is normally carried out by its audit committee, which monitors the work and reporting of the external auditors.

#### Breach of rules

There has been no breach of the stock exchange rules applicable to the company, or any breach of good practice on the securities market reported by the relevant exchange's disciplinary committee or the Swedish Securities Council during the most recent financial year.

#### External information and communication

Biotage's communication must be correct, open and prompt, and delivered simultaneously to all its stakeholders. All communication shall be provided in accordance with the Nasdaq OMX Listing Agreement for listed companies in Sweden. Financial information shall give the stock market and present and future shareholders a clear overall picture of the Company and its operations, strategy and financial development. The Board approves the Group's annual report and year-end report, and instructs the Group President to release interim reports. All financial reports are published on the Company's website ([www.biotage.com](http://www.biotage.com)) and distributed to the media and NASDAQ OMX Stockholm. Financial information about the Group may only be communicated by the Group President and the Group CFO.

The Company observes a silent period of thirty days prior to publication of annual and interim reports. If price-sensitive information is leaked or incidents occur which could affect the valuation of the Company, NASDAQ OMX Stockholm must be informed and a corresponding press release issued. The Company's information-sharing is regulated by an information policy.

## Auditors' statement on the corporate governance report

To the Annual General Meeting of the shareholders of Biotage AB, corporate identity number 556539-3138

It is the Board of Directors who is responsible for the corporate governance report for the year 2012 and that it has been prepared in accordance with the Annual Accounts Act.

We have read the corporate governance report and based on that reading and our knowledge of the company and the group we believe that we have a sufficient basis for our opinions. This means that our statutory examination of the corporate governance report is different and substantially less in scope than an audit conducted in accordance with International Standards on Auditing and generally accepted auditing standards in Sweden.

In our opinion, the corporate governance report has been prepared and its statutory content is consistent with the annual accounts and the consolidated accounts.

Stockholm, March 22, 2013
